

Introducing Reece

Reece lives in the ancient woodlands of Chester. He is worried as his natural environment is under threat from people wasting natural resources. Wherever you see Reece, think about how you can help him:

- **Switch your computer off when finished**
- **Close the door, switch off lights**
- **Put your litter in the bin**
- **Refuse, reduce, reuse, recycle**
- **Think before you print**
- **Turn off taps, use a plug**

Set an example; inspire others to follow.
