

CODE OF CONDUCT

FOR MEMBERS OF THE REASEHEATH COLLEGE GOVERNING BODY

1. INTRODUCTION

- 1.1 This Code is intended as a guide, to indicate the standards of conduct and accountability which are expected of governors, to enable them to understand their legal and ethical duties and to assist them both in carrying out those duties and in their relationship with the Governing Body and Principal as the Chief Executive. This Code therefore is aimed at promoting effective, well informed and accountable college governance, and is not intended to be a definitive or authoritative statement of the law or good practice.
- 1.2 In addition to this Code, governors are recommended to familiarise themselves with the source documents listed in the Schedule.
- 1.3 If a governor is in doubt about the provisions of this Code or any of the source documents, the Clerk should be consulted and, if necessary, professional advice should be obtained. However, ultimate responsibility for the appropriateness of conduct as a governor of the College and for any act or omission in that capacity rests with the individual governor.
- 1.4 This Code applies to every committee or working party of the Governing Body and to any subsidiary company or joint venture of the College to which governors may be appointed.
- 1.5 By accepting appointment to the Governing Body, each governor agrees to accept the provisions of this Code.

4. DUTIES

- 4.1 Governors owe a fiduciary duty to the College. This means that they should show it the highest loyalty and act in good faith in its best interests. Each governor should act honestly, diligently and (subject to the provisions appearing in paragraph 10 of this Code relating to collective responsibility) independently. The actions of governors should promote and protect the good reputation of the College and the trust and confidence of those with whom it deals.
- 4.2 Decisions taken by governors at meetings of the Governing Body and its committees must not be for any improper purpose or personal motive. Decisions taken must always be for the benefit of the College, its students and staff and other users of the College and must be taken with a view to safeguarding public funds. Accordingly, governors must not be bound in their speaking and voting by mandates given to them by other bodies or persons.
- 4.3 Governors must observe the provisions of the College's Instrument and Articles of Government and in particular the responsibilities given to the Governing Body by the College's Articles of Government. Those responsibilities, including a list of "reserved" responsibilities which are so important that they must not be delegated, are set out in Appendix 4 to this Code.
- 4.4 Governors should comply with the Standing Orders and terms of reference of the Governing Body and its committees to ensure that the Board conducts itself in an orderly, fair, open and transparent manner. Governors must keep those Standing Orders and terms of reference under periodic review.
- 4.5 Governors should also have regard to the different, but complementary, responsibilities given to the Principal as the College's Chief Executive. Whereas it is the Governing Body's function to decide strategic policy and overall direction and to monitor the performance of the Principal and any other senior post holders, it is the Principal's role to implement the Governing Body's decisions, and to manage the College's affairs within the budgets and framework fixed by the Governing Body. Governors should work together so that the Governing Body and the Principal as Chief Executive perform their respective roles effectively.
- 4.6 Governors should refer to the Clerk for advice relating to the governance functions and have regard to the Clerk's independent advisory role.

5. STATUTORY ACCOUNTABILITY

- 5.1 Governors are collectively responsible for observing the duties set out in the Financial Memorandum which the College has entered into with the Agency as a condition of receiving public funds. A summary of some of the more important requirements of the Financial Memorandum is set out in Appendix 5.
- 5.2 Although the Agency is the main provider of funds to the College, governors should note that they are also responsible for the proper use of income derived from other sources, such as the Higher Education Funding Council for England (HEFCE) and the European Union (EU) and for the control and monitoring of expenditure of such income, in order to meet the requirements of the relevant funding body and public audit.
- 5.3 As accounting officer for the Agency, its Chief Executive is directly responsible and accountable to Parliament for ensuring that the uses to which the Agency puts its funds are

consistent with the purposes for which the funds were given and comply with the conditions attached to them. The Principal, as accounting officer for the College, is also directly responsible and accountable to Parliament, through the Committee of Public Accounts, for the effective stewardship by the College of public funds. The Principal may be required to appear before the Committee of Public Accounts, alongside the Chief Executive of Skills Funding, to give an account of the use made by the College of such funds. The Governing Body is accountable to Parliament for ensuring the financial health of the College, and to the Courts for ensuring that the College is conducted in accordance with the Education Acts and the general law.

6. PUBLIC SERVICE VALUES

Public service values are at the heart of the further education service. High standards of personal and corporate conduct, based on the principles set out in Appendices 1-2 of this Code, and the recognition that students and other users of the College's services come first, are a requirement of being a governor, and should underpin all decisions taken by the Governing Body.

7. SKILL, CARE AND DILIGENCE

A governor should in all his or her work for the College exercise such skill as s/he possesses and such care and diligence as would be expected from a reasonable person in the circumstances. This will be particularly relevant when members act as agents of the College, for example, when functions are delegated to a committee of the Governing Body or to the Chair. Governors should be careful to act within the terms of reference of any committees on which they serve.

8. POWERS

Governors are responsible for taking decisions which are within the powers given to the Governing Body by Parliament under sections 18 and 19 of the Further and Higher Education Act 1992, as amended. A summary of those powers is set out in Appendix 6 to this Code. If a governor thinks that the Governing Body is likely to exceed its powers by taking a particular decision, s/he should immediately refer the matter to the Clerk for advice.

9. CONFLICTS OF INTEREST

9.1 Like other persons who owe a fiduciary duty, governors should seek to avoid putting themselves in a position where there is a conflict (actual or potential) between their personal interests and their duties to the College. They should not allow any conflict of interest to arise which might interfere with the exercise of their independent judgement.

9.2 Governors are reminded that under the Governing Body's Instrument of Government they must not acquire or hold any interest in any property held or used for the purposes of the College or receive any remuneration for their services (save as a member of the College's staff) except where this would be permitted under charity law and where necessary with the consent of the Charity Commission.

9.3 Governors are reminded that under the Governing Body's Instrument of Government and the general law they must disclose to the Governing Body any direct or indirect financial interest they have, or may have, in the supply of work to the College or the supply of goods for the purposes of the College, or in any contract or proposed contract concerning the College, or in any other matter relating to the College or any other interest of a type specified by the Governing Body in any matter relating to the College, or any duty which is material and which conflicts or may conflict with the interest of the Governing Body.

- 9.4 If an interest of any kind (including an interest of a spouse, civil partner or partner of a governor or of a close relative of the governor or his or her partner, civil partner or spouse) is likely or would, if publicly known, be perceived as being likely to interfere with the exercise of a governor's independent judgement, then:-
- 9.4.1 the interest, financial or otherwise, should be reported to the Clerk;
 - 9.4.2 the nature and extent of the interest should be fully disclosed to the Governing Body before the matter giving rise to the interest is considered;
 - 9.4.3 if the governor concerned is present at a meeting of the Governing Body, or any of its committees, at which such supply, contract or other matter constituting the interest is to be considered, he or she should:-
 - (a) not take part in the consideration or vote on any question with respect to it and shall not be counted in the quorum for that meeting; and
 - (b) withdraw from that Governing Body or committee meeting where required to do so by a majority of the governors or committee members present at the meeting.
- 9.5 For the purposes of clause 9.4 "close relative" includes but is not limited to a father, mother, brother, sister, child, grandchild and step-father/mother/brother/ sister/child.
- 9.6 Governors must not receive gifts, hospitality or benefits of any kind from a third party which might be in breach of the Bribery Act 2010 and the College's Anti-Bribery Policy or be seen to compromise their personal judgement or integrity. Any offer or receipt of such gifts, hospitality or benefits should immediately be reported to the Clerk.
- 9.7 The Clerk will maintain a Register of Governors' Interests which will be open for public inspection. Governors must disclose routinely to the Governing Body all business interests, financial or otherwise, which they may have, and the Clerk will enter such interests on the Register. Governors must give sufficient details to allow the nature of the interests to be understood by enquirers. Governors should inform the Clerk whenever their circumstances change and interests are acquired or lost. In deciding whether an interest should be disclosed, Governors should have regard to the meaning given to "interest" in paragraphs 9.4 and 9.5 of this Code.
10. **COLLECTIVE RESPONSIBILITY**
- 10.1 The Governing Body operates by governors taking majority decisions in a corporate manner at quorate meetings. Therefore, a decision of the Governing Body, even when it is not unanimous, is a decision taken by the governors collectively and each individual governor has a duty to stand by it, whether or not he or she was present at the meeting of the Governing Body when the decision was taken.
- 10.2 If a governor disagrees with a decision taken by the Governing body, his or her first duty is to have any disagreement discussed and minuted. If the governor strongly disagrees, s/he should consult the Chair and, if necessary, then raise the matter with the Governing Body when it next meets. If no meeting is scheduled, the governor should refer to the power of the Chair or any five governors under the College's Instrument of Government to call a special meeting and, if appropriate, exercise it, requesting the Clerk to circulate the governor's views in advance to the other governors. Alternatively, as a final resort, the governor may decide to offer his or her resignation from office, after consulting the Chair.

11. OPENNESS AND CONFIDENTIALITY

- 11.1 Because of the Board's public accountability, governors should ensure that, as a general principle, students and staff of the College have free access to information about the proceedings of the Governing Body. Accordingly, agendas, minutes and other papers relating to meetings of the Board are normally available for public inspection when they have been approved for publication by the Chair.
- 11.2 There will be occasions when the record of discussions and decisions will not be made available for public inspection; for example, when the Governing Body considers sensitive issues or named individuals and for other good reasons. Such excluded items will be kept in a confidential folder by the Clerk, and will be circulated in confidence to governors. Some confidential items are likely to be of a sensitive nature for a certain period of time only (for example information relating to a proposed commercial transaction or collaboration with another institution). The Governing Body should specify how long such items should be treated as confidential or, if this is not possible, such items should be regularly reviewed to consider whether the confidential status should be removed or whether the public interest in disclosure outweighs that confidential status and the item made available for public inspection.
- 11.3 Staff and student governors have no right of access to minutes dealing with matters in respect of which they are required to withdraw from meetings under the College's Instrument of Government.
- 11.4 It is important that the Governing Body and its committees have full and frank discussions in order to take decisions collectively. To do so, there must be trust between governors with a shared corporate responsibility for decisions. Governors should keep confidential any matter which, by reason of its nature, the Chair or members of any committee of the Governing Body are satisfied should be dealt with on a confidential basis.
- 11.5 Governors should not make statements to the press or media or at any public meeting relating to the proceedings of the Governing Body or its committees without first having obtained the approval of the Chair or, in his or her absence, the Vice Chair. It is unethical for governors publicly to criticise, canvass or reveal the views of other governors which have been expressed at meetings of the Governing Body or its committees.

12. ATTENDANCE AT MEETINGS

A high level of attendance at meetings of the Governing Body is expected so that Members can perform their functions properly.

13. GOVERNANCE DEVELOPMENT

- 13.1 Governors must obtain a thorough grounding in their duties and responsibilities by participating in the College's governance induction and training programmes, including regular refresher workshops.
- 13.2 In order to promote more effective governance, governors will carry out a formative review annually of the performance by the Governing Body of its duties and responsibilities, as part of a continuing and critical process of self-evaluation, and an in-depth review triennially.
- 13.3 The Governing Body will seek to ensure that all governors are appointed on merit, in accordance with an open selection procedure carried out by the Governing Body's Search and Governance Committee, and are drawn widely from the community which the College

serves so as to be representative of that community. The Governing Body should have regard to the provisions relating to the membership of the Board in the College's Instrument of Government, the need to combat discrimination and to promote equality, and the need to make available a range of necessary skills and experience to ensure that the Governing Body carries out its functions under the College's Articles of Government.

The Seven Principles of Public Life

The following is an extract from the Second Report of the Nolan Committee on Standards in Public Life, May 1996

SELFLESSNESS

Holders of public office should take decisions solely in terms of the public interest. They should not do so in order to gain financial or other material benefits for themselves, their family, or their friends.

INTEGRITY

Holders of public office should not place themselves under any financial or other obligation to outside individuals or organisations that might influence them in the performance of their official duties.

OBJECTIVITY

In carrying out public business, including making public appointments, awarding contracts, or recommending individuals for rewards and benefits, holders of public office should make choices on merit.

ACCOUNTABILITY

Holders of public office are accountable for their decisions and actions to the public and must submit themselves to whatever scrutiny is appropriate to their office.

OPENNESS

Holders of public office should be as open as possible about all the decisions and actions that they take. They should give reasons for their decisions and restrict information only when the wider public interest clearly demands.

HONESTY

Holders of public office have a duty to declare any private interests relating to their public duties and to take steps to resolve any conflicts arising in a way that protects the public interest.

LEADERSHIP

Holders of public office should promote and support these principles by leadership and example.

The Governing Body may, from time to time, resolve to add other functions which must not be delegated to this list of “reserved” responsibilities.

Appendix 4

Summary of Main Provisions of the Financial Memorandum with the Education and Skills Funding Agency

Definitions

It should be noted that references to public funds include funds provided by HEFCE as well as those provided by the ESFA.

Responsibilities of the Governing Body and the accounting officer

The Financial Memorandum recognises that a Corporation is an independent body responsible for managing the college and ensuring its financial viability. However, the Corporation must inform the ESFA of any transaction that could jeopardise the college's financial viability and must also be able to demonstrate that all transactions achieve value for money for funds provided under the financial memorandum.

The governing body must appoint an accounting officer (expected to be the chief executive/principal of the college). There must be an accounting officer in place at all the times and the ESFA must be informed of the accounting officer's name and position and who will discharge their various responsibilities if they are absent from the college for an extended period.

The accounting officer takes personal responsibility, which is not delegable, to ensure compliance with the Financial Memorandum and conditions of funding. The accounting officer may be required to appear before the Public Accounts Committee on matters relating to the Corporation's use of funds.

The accounting officer must advise the governing body if at any time in his/her opinion any action under consideration by the governing body is incompatible with the Financial Memorandum. If the governing body resolves to continue with such action the accounting officer must inform the ESFA.

Allocation of funds

The ESFA will allocate funds to the Corporation annually provided that it is satisfied that the Corporation is financially viable and able to deliver education of a reasonable quality meeting the needs of learners and employers and the Corporation has met the previous year's conditions of funding. The Corporation is free to spend its funding as it sees fit provided it fulfils the conditions of funding but funds must not be used to deliver provision in respect of which the Corporation has already received other funding, public or otherwise, unless agreed by the ESFA. The ESFA can require assurance that delivery of provision complies with the Financial Memorandum and can require, at the College's cost, evidence to support payment claims.

Capital transactions

The Corporation must manage its property with regard to good practice guidance in the FE sector. It is no longer necessary to obtain approval of the ESFA to the disposal of land or buildings which had been acquired or developed with the help of capital grants from the ESFA or previous associated bodies, but the ESFA must be notified in writing of such transactions and reserves the right to

require repayment of some or all of the associated grant.

Financial reporting

The ESFA specifies the information to be contained in the Corporation's financial statements. Audited financial statements must be provided to the ESFA within five months of the Corporation's year end. The Corporation must have an effective policy on risk management. The Corporation must notify the ESFA in writing if at any time there is a risk to the college's solvency and viability.

Audit

The Corporation must appoint an audit committee and arrange to provide internal and financial statements audit, including regularity audit, in accordance with the Joint Audit Code of Practice.

The Corporation must investigate and report to the ESFA all significant cases of fraud or suspected fraud.

Payment to employees on termination of employment

The Corporation must demonstrate that any payments made to employees on the termination of their employment are regular, secure value for money and avoid spending funds on settlements where disciplinary action would have been more appropriate. Where employment claims are brought by a senior post holder it should take appropriate professional advice on any proposed settlement and the terms of the final agreement should be agreed by the governing body and brought to the attention of the financial statements auditors.

Provision of data on learners and staff and of information

A college must supply learner data in accordance with ESFA requirements. The ESFA reserves the right to request information from the Corporation in order to exercise his responsibilities. The Corporation must inform the ESFA in writing of the vacating or filling of the positions of Chair of the governing body, Principal and Clerk. The ESFA has the right to share information provided by the college, for example with Parliamentary bodies.

Conditions of funding

The detailed requirements in relation to each learning programme are set out in the ESFA Funding Rules. The maximum value of funds for each learning programme re set out in Appendix 1 to the financial memorandum. The ESFA reserves the right to reduce the overall maximum value for each learning programme by giving three months' notice. This can be done without the need to give a reason, although if the ESFA did so it would lay itself open to a legal challenge based on the argument that it had done so unreasonably. A college must provide evidence that it has worked in partnership with the LEP to ensure its provision takes account of the LEP's priorities. The ESFA reserves the right to impose additional conditions where he/she considers it necessary to secure the delivery of education and training of a reasonable quality or to require the Corporation to address concerns about its financial viability.

Sub-contracted provision

ESFA considers extensive sub-contracting of provision to be a significant risk factor for colleges. It requires colleges to make a Declaration of Subcontractors bi-annually and comply with requirements set out in the Funding Rules. These include requirements in relation to the form of the legally binding sub-contract which must be put in place. Where a college has sub-contracts in aggregate worth more than £100,000 per year it must obtain an annual report from its external auditors providing assurance on its arrangements for managing the sub-contractors and provide ESFA with an auditor's certificate that a report confirming satisfactory assurance has been received.

Repayment of funds

In the case of a breach of the conditions of funding the ESFA reserves the right to require repayment of all or part of the funds.

Raising Standards, Feedback and Complaints

The college must deliver the funded provision to an acceptable standard of quality and comply with the Performance Management Rules published by the ESFA. There is a set procedure for dealing with inadequate provision which may lead to issue of a Notice of Concern or ultimately a Notice of Withdrawal of Funding. The college must inform the ESFA if it is sanctioned by an awarding body. It must also notify the ESFA of the date of the feedback meeting following an inspection by Ofsted so that ESFA can send a representative to the meeting. If a Notice of Concern is issued the college's ability to start new learners on a programme may be suspended. The ESFA may invite a college to discuss with it if considers that there is a significant risk that a college may become financially inadequate over a three year period. If the college's response is inadequate the SFA may ask the college to undertake a financial or structural review. Such a "request" may be made a condition of funding. If it is made a condition and the condition is not complied with the ESFA may issue a Notice of Concern or of Withdrawal of Funding.

Colleges are expected to have acceptable procedures for gathering and acting upon feedback and complaints from learners and/or their representatives and employers and the wider community. These must be made available to those who may wish to complain. Where a complaint is not resolved satisfactorily the complainant must be informed of their right to complain to the SFA.

Additional matters

The Financial Memorandum incorporates a number of other clauses on compliance matters such as health and safety, equal opportunities, data protection and freedom of information, and State Aid.

Interpretation

Nothing in the Financial Memorandum shall require the Corporation to act in a manner which would cause the Corporation to cease to be a charity.

Colleges need to familiarise themselves with the detailed content of the new financial memorandum and funding agreement in the versions applicable to their type of college. However, despite the presentational differences in the documentation, colleges will find that the substance of the requirements that they need to meet is largely unchanged.

Appendix 5
